NOTICE OF PAST VIOLATION

Mr. James P. Shannon
Bayonne Construction Company, Inc
PO Box 1018
Rochester, NH 03866

Dear Mr. Shannon:

On May 13, 2003, the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") conducted an inspection of property located at Camelot Shores, more specifically referenced on Town of Farmington Tax Map R6-110 as Lot 6192 ("the Property"). The purpose of this inspection was to determine whether violations of RSA 482-A and Administrative Rules Wt 100-800 had occurred on the property.

The inspection revealed that the following violations were observed on the Property:

1. A seasonal stream had been dredged and filled for the construction of a culvert without a permit from the Department.

This Notice of Past Violation ("Notice") is to inform you that the violations referenced above have been documented and will be maintained on file at DES. No further action is required of you relative to these violations and DES will take no further enforcement action at this time. This Notice is being sent to help you avoid similar violations in the future and to protect wetlands and surface waters from unregulated despoliation before violations occur.

DES personnel may re-inspect the property at a later date to determine whether you are maintaining full compliance with the applicable statutes and rules. DES reserves the right to pursue restoration or other enforcement action for any future violations observed during subsequent inspections of the property.

In an effort to promote better understanding and compliance with wetlands laws and rules, DES provides an "inspector of the day" service available to the public to address technical questions related to wetlands regulation. This service is available Monday through Friday, 8:00am to 4:00 pm by calling (603)271-2147. DES encourages you to make use of this service as well as our website (<http://www.des.state.nh.us/wetlands.htm>) before undertaking future work on your property.

If you have any questions regarding this matter, please feel free to contact Arlene Allen at 603-271-4192.

Sincerely,

COPY
